Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Sunday 28 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Overnight cloud and fog clearing for a bright Monday.

This Evening and Tonight:
Remaining clear and dry with light winds through the evening. Widespread low cloud then forming across the region overnight together with fog in places. Feeling chilly, with a risk of frost for prone spots. Minimum temperature 1 deg C (34 deg F).

Monday:
Cloudy to start, though this soon breaks up to give a clear day with plenty of sunshine. Breezy around the coast. Fog patches likely to reform into the night. Maximum temperature 11 deg C (52 deg F).

Outlook for Tuesday to Thursday:
Turning colder Tuesday, with patchy cloud and sunny spells. Showers arriving overnight and continuing through Wednesday. Cloud and drizzle on Thursday. Potential for frost and fog formation overnight.
